**“IS TO EXCEED OUR CLIENT’S  
EXPECTATION AND BECOME A  
TRUSTED BULK-FUEL SUPPLIER”**

# EXECUTIVE SUMMARY

Nchai and KK Holdings (Pty) Ltd licensed with the Department of Energy is a 100% black women owned company based in Johannesburg. The organization plays a major role in the oil and gas industry. Our fuel business sells refined petroleum products which include Gasoline, Diesel, Aviation Fuel and Liquefied Petroleum Gas. Within the fuels business, fuel value chain integrates the activities of logistics, marketing, supply and trading. This provides the opportunity to optimize our services.

Established in 2006, the organization was mainly involved with project management and skills development; which we realized that in today's rapidly changing environment, project management and skills development have become a core competencies for all organizations. For decades we successfully managed to help organizations with training their employees in different programs as well as managing internal projects to stay competitive by aligning principles, concepts, tools and techniques to improve performance and organizational effectiveness.

We have been awarded a full wholesale license in terms of Petroleum Products Act, 1977 (Act No.120 of 1977); which covers; licensed petroleum products,

- Diesel
- Petrol
- Aviation Gasoline,
- Jet fuel,
- Biofuels
- Paraffin
- Liquefied Petroleum Gas

## PRODUCT AND SERVICE GUARANTEE

**WE SOURCE,  
DELIVER  
AND  
MAINTAIN**

We offer a complete turnkey service package:

- Reliability of supply
- Logistical support
- Continuity of supply
- Competitive and comparative pricing
- Accurate and licensed documentation
- Established single point of contact

Nchai and KK Holdings makes sure and gives guarantee by drawing all of its product requirements directly from the refineries and depot. We explore all avenues which means that we only deal with major oil and gas organizations that employ industry standard “best practices” and that all products drawn from them all conform to the relevant SANS standards.

## OUR SERVICES

**“Source”** : Nationally we are approved and registered with the South African refineries and this means we can source as close to you as possible and have alternatives if any of refineries is not able to supply.

We also have a full import and export licenses with International Trade Administration Commission of South Africa (ITAC) and that gives us leverage to source globally and also bulk supply outside South Africa.

**“Supply”** : We use trucks that are accredited, SQAS and registered and also to uplift from all South African refineries.

**“Store”** : We maintain optimum fuel stock levels and remote stock optimization monitoring assists us to ensure you never run low or run out

**“SHEQ”** : We comply and can help you comply with safety and health regulations applicable to the use and handling of fuel in transit and on site. We help you assess, monitor and manage the environmental impact of your use of fuel. We are ISO compliant and help you to comply and practice ISO OHSAS 18001:2007, ISO EMS 14001:2004, QMS ISO 2001:2008.
